MEMORANDUM FOR: Acting Director of Logistics
THROUGH : Chief, Supply Division, OL
SUBJECT : Waste Pulp Project

1. At the request of the General Services Administration (GSA), Region 3, Disposal Office, the Supply Division Packaging Specialist (SD/PS) attended a meeting on 27 August 1969 at the Public Building Services Office (PBS) to discuss his findings and recommendations for the disposal of waste pulp in the Washington, D.C. area. Persons attending the meeting included Mr. Harold J. Pavel, PBS, Deputy Regional Director; Mr. L. E. Munnally, Property Management Disposal Section (PMDS), Regional Director; Mr. Claude Walker, PBS, Assistant Chief, Operations Division; Mr. Henry W. Zecker, PBS, Chief, Contractual Services Branch; and Mrs. Beatrice Lipman, PMDS, GSA Region 3 Disposal Section.

2. A verbal resume was given by the SD/PS regarding the investigation and findings in the waste pulp project. The presentation was consummated with recommendations of how the pulp should be bulk handled in the Washington, D.C. area and the advantages of long-term waste handling contracts.

3. The recommendations were met with a favorable response:

a. Mr. Pavel and Mr. Munnally recommended correspondence be sent from their offices to Simpkins Industries, Baltimore, Maryland; Johns Manville Corporation, New York City, New York; and The Chesapeake Paperboard Company, Baltimore, Maryland.

b. This correspondence will relate the bulk pulp tonnage in this area, potential growth, various programs for pulp pick up and delivery, and request conference to discuss contractual agreements. Simpkins Industries has started to modify their facilities to accommodate pilot runs of bulk pulp and appear the most promising of the three.
